

EDGE Credit

EDGE is an acronym for **E**arn A **D**egree-**G**raduate **E**arly. This program was created to address classes in high school that meet curriculum requirements for community college credit. There is no charge for these credits. Upon acceptance and enrollment at Blue Ridge Community and Technical College, the student must request that the EDGE credits earned in high school be posted to his or her transcript. This may be done by contacting the high school Tech Prep counselor, the local Tech Prep Coordinator (located at Blue Ridge Community and Technical College) or academic advisor. The EDGE coordinator will coordinate with the student to have an official EDGE transcript sent to Blue Ridge CTC once the student is seeking a degree at Blue Ridge CTC, once the transcript is received the Office of the Registrar will post the credits as transfer credit with no grade.
