

Work-Study Position
BRCTC Safety Researcher

There is a Work-Study job available for the Fall semester. This position involves investigating, collecting and reporting on the rules, regulation, and laws pertaining to the handling, storage and disposal of laboratory and office chemicals following the protocols, procedures and policies as established by the environmental agencies of Federal, State and Local governments. The position earns \$7.50 per hour. The work hours will be determined between the student and their supervisor. You must be a current student of this academic institution in good standing. If interested, please contact the Human Resources Department at Blue Ridge Community and Technical College.

Qualifications: This position requires an introductory knowledge of chemistry obtained from either a high school AP or college entry level course. Knowledge of federal, state or local laws and regulations pertaining to safety using chemicals is a plus.

Duties and Responsibilities: This position involves investigating, collecting and reporting on the rules, regulations and laws pertaining to the safe handling, storage and disposal of laboratory and office chemicals following the protocols, procedures, policies and laws as established by the environmental agencies of the federal, state and local governments.

Freedom of Action: While assignments are made and checked, instructions given and checked, priorities, deadlines and objectives set by the supervisor, this position requires a degree of independence in completing work assignments.

Complexity and Problem Solving: Some independent decision making is inherent in the nature of this job. Mature judgment is needed in assessing what is important and germane in fulfilling the mission of this position.

Scope and Effect: This position is not under constant direction or supervision, but entails independence in thought, judgment, assessment and reports.

Breadth of Responsibility: This position does not entail any management of functional areas.
Direct Supervision Exercised: There is a non-supervisory position.
