

General Education Worksheet

You will need 30 credit hours of general education to graduate with your BSN degree. These 10 courses are broken down into four areas (in bold below). You can receive transfer credit for all of these courses if you have completed them or equivalents at previous schools with a minimum grade of C. All American Sentinel courses are three credit hours.

Communication (6 credit hours – 2 courses)		
COM200 Intercultural Communication		
COM215 Public Speaking		
ENG105 Beginning Writing

BIO130 Introduction to Biology		
BIO130L Introduction to Biology Lab		
CHEM101 General Chemistry		
CHEM101L General Chemistry Lab		
MA101 College Mathematics		
MA120 College Algebra		
MA201 Discrete Mathematics		
MA215 Statistics (Required for the RN-BSN/MSN program)		
General Science/Math		
General Science/Math		

--

This next set of courses represents your nursing courses. You'll take these in the order listed below after you graduate with your associate's degree. You can take the first two BSN courses before you receive your NCLEX results. To proceed further, we'll need proof you passed the NCLEX-RN exam.

BSN405 Reflective Practice, Issues, & Trends		
BSN410 Health Care Delivery & Quality Outcomes		
BSN415 Nursing Management Strategies		
BSN421PE Leadership and Strategic Planning		
BSN422 Nursing Research		
BSN432PE Community Health		
BSN436 Developing Nursing Practice		
BSN437PE Health Assessment		
BSN440 Case Management		
BSN499 Capstone Project		

You must take at least 30 credit hours (10 courses) at American Sentinel to graduate. If you receive transfer credit for all general education and any of the major courses above, please note that you will still be required to complete 10 American Sentinel courses.
