			MATH 105	College Algebra <i>or</i>
			MATH 106	Trigonometry <i>or</i>
			MATH 108	PreCalculus <i>or</i>
			MATH 154	Finite Mathematics

EXHIBIT C

TECHNICAL STUDIES ASSOCIATE OF APPLIED SCIENCE TO REGENTS BACHELOR OF ARTS

Open Elective Credits		45 credits		
<b>Technical Core</b>	Each program of study must include a general technical core that meets the goal of developing skills that may be applied to a variety of occupations or that may be specific to an occupation. <i>(Will appear on transcript as WORK 199 credits).</i>	12	Electives	Students will need to work closely with an advisor to ensure that “open elective credits” articulate as elective credits.
<b>Occupational Specialty</b>	The component consists of technical specialty courses specific to an occupational area. Industry based education and training programs are to be converted to college credit at the ratio of 15:1 and at a rate consistent with the lab hour/credit ratio of the degree granting institution for laboratory credit. <i>(Will appear on transcript as WORK 199 credits).</i>	18	Electives	Students will need to work closely with an advisor to ensure that “open elective credits” articulate as elective credits.
<b>On-the-Job Training</b>	The component consists of a paid or unpaid OJT, internship, or practicum performed in a business or industry setting in the occupational area. The on-the-job training component is to be converted to credit hours at a ratio of 150:1 with the maximum of 2,080 contact hours allowable. A statement of the total number of contact hours experience through on-the-job training will be placed on the college record. <i>(Will appear on transcript as WORK 199 credits).</i>	15	Electives	Students will need to work closely with an advisor to ensure that “open elective credits” articulate as elective credits.
<b>TOTAL CREDITS REQUIRED FOR A.A.S.</b>		<b>60</b>
