- 2.5 An employee is entitled to accumulated leave at termination of service, but in no case may this exceed the limits set in 2.4 above.

## **Section 3. Other Conditions for Annual Leave**

- 3.1 At the request of the employee through established procedures annual leave may be granted because of illness.
- 3.2 The work requirements of the institution shall take priority over the scheduling of annual leave or other leave for an employee. When operationally practical, the supervisor shall grant earned annual leave at the convenience of the employee. However, departmental needs must be met, and annual leave may not be taken without prior request and approval of the employee's supervisor.
- 3.3 In the event of an employee's death, the value of accumulated annual leave will be paid to the employee's estate.

## **Section 4. Sick and Emergency Leave**

- 4.1 Full-time employees shall accumulate sick leave at the rate of 1.5 days per month. All other employees shall accumulate sick leave in accordance with Section 1.1 of this rule.
- 4.2 Sick leave may be accumulated without limit.

- 4.3 Sick leave may be used by the employee when ill or injured or when in need of medical attention or when death occurs in the immediate family.
- 4.4 An employee may use sick leave for a member of the immediate family who is ill, injured, or in need of medical attention. Immediate family is defined as: father, mother, son, daughter, brother, sister, husband, wife, mother-in-law, father-in-law, son-in-law, daughter-in-law, grandmother, grandfather, granddaughter, grandson, stepmother, stepfather, step children, or others considered to be members of the household and living under the same roof.
- 4.5 Sick leave for more than five (5) consecutive days shall not be granted to an employee for illness without satisfactory proof of illness or injury, as evidenced by a statement of the attending physician or by other proof satisfactory to the institution. An employee on such leave for more than five (5) consecutive days shall, before returning to duty, obtain satisfactory medical clearance to help ensure adequate protection and shall indicate the employee's ability to perform his/her duties. Such medical clearance shall be presented in writing.
- 4.6 The institution may require evidence from an employee for verification of an illness or other causes for which leave may be granted under this rule, regardless of the duration of the leave.
- 4.7 In cases, except those involving catastrophic sick leave as defined in Section 7.1, where all accumulated sick leave has been used and annual leave is available, it shall be the option of an employee who is required to be further absent due to illness either to use any accumulated annual leave until it has also expired, rather than being removed from the payroll, or to retain the accumulated annual leave for use after return to work, but be taken off the payroll immediately after the accumulated sick leave has expired.
- 4.8 On-the-job injuries or occupational illnesses which involve no more than three (3) days of disability leave or absence from work shall not be charged against the employee's accumulated sick leave as long as they are the next three (3) consecutive working days after injury or illness occurred. If on-the-job injuries or illnesses require a leave beyond the three-day period, it shall be the option of the employee either to use earned and accumulated sick and annual leave until both may be exhausted or to reserve for future use any earned and accumulated sick and annual leave and receive only Workers' Compensation benefits for which adjudged eligible.
- 4.9 Disabilities caused or contributed to by pregnancy, miscarriage, abortion, childbirth, and recovery therefrom shall be, for all job-related purposes, temporary disabilities and shall be treated the same as any other illness or disability would be treated for sick leave entitlement. For this reason, employees shall be entitled to sick leave for their disabilities related to pregnancy and childbirth on the same terms and conditions as they or other employees would be entitled for other illnesses and disabilities. In determining whether an employee is unable to work because of a disability related to pregnancy or childbirth, the same criteria shall be used as would be used in the case of another type of illness or disability.
- 4.10 Sick leave provisions are contingent upon continued employment. When the services of an employee have terminated, all sick leave credited to the employee shall be considered cancelled as of the last working day with the institution, and no reimbursement shall be provided for unused sick leave except in the event of retirement, in which case sick leave may be eligible for conversion to insurance coverage or for provisions lawfully provided for at that time. Employees who resign in good standing and are later reemployed may have their total accumulated sick leave reinstated, provided the date of termination is one (1) year or less from the date of reemployment. However, if the employee returns to work after more than one (1) year from the date of termination, no more than thirty (30) days of accumulated sick leave may be reinstated.

## **Section 5. Medical Leave of Absence Without Pay**

- 5.1 Any employee requesting a medical leave of absence without pay must provide the President with satisfactory medical evidence (such as a statement from the attending physician) that he/she is unable to work. The medical statement shall include a diagnosis, prognosis, and expected date that the employee can return to work. If the evidence is satisfactory, the President or his/her

designee may authorize a medical leave of absence without pay only for the period of disability specified by the attending physician.

- 5.2 The employee shall be expected to report to work on the first workday following expiration of the disability period. Failure of the employee to report promptly at the expiration of a medical leave of absence without pay, except for satisfactory reasons submitted in advance, shall be cause for termination of employment by the institution. An employee, prior to return to duty, shall obtain satisfactory medical clearance to help ensure adequate protection and which shall indicate the employee's ability to perform his/her duties. Such medical clearance shall be presented in writing.
- 5.3 A medical leave of absence without pay may be granted for no more than twelve (12) consecutive month period. Employees who may need an extended leave beyond twelve (12) consecutive months may apply for an extended leave of absence through institutional procedures or may consider other options, such as disability.
- 5.4 An employee on an approved medical leave of absence must pay the employee share of medical insurance if continuing coverage is desired. After an employee has taken a twelve (12) month medical leave, the institution shall continue group health insurance coverage provided that the employee pays the institution the full premium cost (employee and employer share) of such group health plan.
- 5.5 Any employee who is separated from employment following a medical leave of absence of twelve (12) consecutive months and who had chosen to maintain his/her accumulated annual leave will receive payment for such accumulated annual leave in a lump sum payment.

#### **Section 6. Parental Leave**

- 6.1 A full-time employee who has worked at least twelve (12) consecutive weeks for the State may request up to twelve (12) weeks unpaid parental leave.
- 6.2 The request must be due to birth or adoption by the employee or because of a planned medical treatment or car for the employee's spouse, son, daughter, parent, or dependent who has a serious health condition.
- 6.3 The employee must provide his/her supervisor with written notice two (2) weeks prior to the expected birth or adoption; or for the medical treatment; or for the supervision of a dependent. Failure to submit a written request may be cause for denial.
- 6.4 The employee must provide the employer with certification by the treating physician and/or documentation regarding dependency status.
- 6.5 All annual leave must be exhausted before the parental leave begins. No more than a total of twelve (12) weeks of parental leave may be taken in any twelve (12) consecutive month period.
- 6.6 During the parental leave by an employee, the institution shall continue group health insurance coverage provided that the employee pays the employer the full premium cost of such group health plan.
- 6.7 The position held by the employee immediately before the leave is commenced shall be held for a period not to exceed the twelve (12) week period of the parental leave and the employee shall be returned to that position. However, the institution may employ a temporary employee to fill the position for the period of the parental leave.

#### **Section 7. Catastrophic Leave**

- 7.1 Catastrophic leave is provided for employees and a catastrophic illness is defined as: a medically verified illness or injury which is expected to incapacitate the employee and which creates a financial hardship because the employee has exhausted all leave and other paid time off. Catastrophic illness or injury shall also include an incapacitated immediate family member if this results in the employee being required to take time off from work to care for the family member and

- the employee has exhausted all leave and other paid time off.
- 7.2 Catastrophic leave shall be implemented through a procedure for direct transfer of sick or annual leave to an employee who has requested and been approved to receive leave donations due to a catastrophic illness or injury.
- 7.3 A direct transfer provides for sick and annual leave to be donated at the request of the employee upon appropriate medical verification that the individual is unable to work due to the catastrophic illness or injury as determined by the President.
- 7.3.1 Upon approval for an employee to receive direct transfer off catastrophic leave, any employee may, upon written notice to the Human Resources Office, donate sick and/or annual leave in one (1) day increments. No employee shall be compelled to donate sick leave. Any leave donated by an employee, but not used by the employee to whom it was donated, shall be returned to the donating employee and reflected in his/her leave balance.
- 7.4 An employee receiving the transfer of leave shall have any time which is donated credited to such employee's leave record in one (1) day increments and reflected as a day-for-day addition to the leave balance of the receiving employee. The leave record of the donating employee shall have the donated leave reflected as a day-for-day reduction of the leave balance.
- 7.5 Use of donated credits may exceed a maximum of twelve (12) continuous calendar months for any one (1) catastrophic illness or injury. The total amount of leave received by transfer may not exceed an amount sufficient to ensure the continuance of regular compensation and shall not be used to extend insurance coverage pursuant to Section 13, Article 16, Chapter 5 of the Code, which relates to insurance coverage for state employees. The employee receiving donations of leave shall use any leave personally accrued on a monthly basis prior to receiving additional donated leave.
- 7.6 Direct transfer of leave may be inter-institutional. The President or his/her designee shall notify in writing other institutional presidents requesting that the institution consider the transfer of leave. Upon approval of the receiving president, transfer leave will be made through appropriate institutional procedures.
- 7.7 The Office of Human Resources shall be responsible for the administration of catastrophic leave and shall develop and disseminate procedures for the administration of this rule.

#### **Section 8. Personal Leave of Absence without Pay**

- 8.1 An employee, upon application in writing and upon written approval by the President or his/her designee, may be granted a continuous leave of absence without pay for a period of time not to exceed twelve (12) consecutive months provided all accrued annual leave has been exhausted.
- 8.2 The President or the President's designee, at his/her discretion, may require the written approval of the supervisor before accepting the written application of an employee for a leave of absence without pay.
- 8.3 The President or the President's designee, at his/her discretion, shall determine if the purpose for which such a leave is requested is proper and within sound administrative rule.
- 8.4 At the expiration of leave of absence without pay, the employee shall be reinstated without loss of any rights, unless the position is no longer available due to a reduction in staff caused by curtailment of funds or a reduced workload. Failure of the employee to report promptly at the expiration of a leave of absence without pay, except for satisfactory reasons submitted in advance, shall be cause for termination of employment by the institution.
- 8.5 During a personal leave the institution shall continue group health insurance coverage provided that the employee pays the employer the full premium costs of such group health plan. Military Leave

#### **Section 9. Military Leave**

9.1 An employee who is a member of the National Guard or any reserve component of the armed forces of the United States shall be entitled to and shall receive a leave of absence without loss of pay, status, or efficiency rating, for all days in which engaged in drills or parades ordered by proper authority, or for field training or active service for a maximum period of thirty (30) working days ordered or authorized under provisions of State law in any one (1) calendar year. The term "without loss of pay" shall mean that the employee shall continue to receive normal salary or compensation, notwithstanding the fact that such employee may receive other compensation from federal or state sources during the same period. Furthermore, such leave of absence shall be considered as time worked in computing seniority, eligibility for salary increased, and experience with the institution. An employee shall be required to submit an order or statement in writing from the appropriate military officer in support of the request for such military leave.

9.2 Benefits in this section shall accrue to individuals ordered or called to active duty by the President of the United States for thirty (30) working days after they report for active service.

**Section 10. Special Emergency Leave with Pay**

10.1 Special emergency leave with pay may be granted by the President or his/her designee to full-time employees in the event of extreme misfortune to the employee or the immediate family. The leave should be the minimum necessary and in no case may it exceed five (5) days within any twelve (12) consecutive month period. Typical events which may qualify an employee for such leave are fire, flood, or other events (other than personal illness or injury or serious illness or death in the immediate family) of a nature requiring emergency attention by the employee.

**Section 11. Witness and Jury Leave**

11.1 Upon application in writing, an employee may be granted leave as indicated hereinafter in this section provided the employee is not a party to the action. Annual leave will not be charged under the provisions of this section.

11.2 When, in obedience to a subpoena or direction by proper authority, an employee appears as a witness for the Federal Government, the State of West Virginia, or a political subdivision thereof, the employee shall be entitled to leave with pay for such duty and for such period of required absence.

11.3 When attendance in a court is in connection with an employee's usual official duties, time required in going and returning shall not be considered as absence from duty.

11.4 When an employee serves upon a jury, or is subpoenaed in litigation, the employee shall be entitled to leave with pay for such duty and for such period of required absence.

11.5 The employee shall report to work if he/she is excused by the court before the end of his/her regular work day. Provisions for employees who work a shift other than day shift shall be made according to institutional policy.

**Section 12. Managing Work Time in Areas Affected by Interruption to Utility Service or Similar Situations**

12.1 Utility Service Interruptions – When extended power and utility service interruptions occur, administrators should make arrangements for employees' usual work routine to be accomplished at alternate work locations, or make affected employees available to other administrators for work in other areas. Also, if an administrator deems it advisable and the employee agrees, time off during the utility service interruption may be granted and charged against an employee's accumulated annual leave. Combinations of the above alternatives may be necessary, but in all cases interruptions of work schedules must be dealt with in accordance with applicable laws, including West Virginia Code §12-3-13. This law is interpreted to mean that if pay is associated with the absence from work, the absence must be charged to accumulated annual leave.

12.2 Emergency Situations – In the event that an emergency exists, the President, in conjunction with

local or state public safety officials, has the authority to comply with the emergency situation and close the institution. The President, working with public safety officials, will determine when the emergency condition no longer exists. Should an employee be required to work by the President or hi/her designee during a declared emergency, the time worked shall be compensated according to the provisions of WVCCTCE Series 8. Work time lost by any employee during a declared emergency will be considered regular work time for pay purposes and will not require that the time be charged to annual leave nor will there be a requirement that the time be made up.

12.3 Absences from work due to weather conditions other than a declared emergency must be charged against accumulated annual leave, accumulated compensatory time, or the employee must be removed from the payroll for the time in question. Where institutions employ the “floating holiday” concept, the holiday record may be charged. Sick leave may not be charged for absence due to weather. Time lost from work may be made up in the same work week at the discretion of the employee’s supervisor.
