The Skills 101 English Boot Camp is made available for students to practice their writing skills prior to attempting the ACCUPLACER exam, or for students who have already taken a placement test and scored below the cut-off for ENGL 101 or ENGL 110. Instruction is directly aligned with the skills tested on the ACCUPLACER exam and is delivered by a qualified Blue Ridge CTC faculty member.

If you have not yet taken a placement test and would like a refresher before scheduling one, consider registering for the Skills 101 English Boot Camp and then taking the ACCUPLACER exam at the college's Testing Center.
