ARTICULATION AGREEMENT No. 8

This Articulation Agreement No. 8 ("ART") is entered into, as of January 1, 2020 ("Effective Date"), between American Public University System, Inc. ("APUS") and Blue Ridge Community & Technical College ("Institution") (individually a "Party" and collectively the "Parties") to facilitate and define the terms of the transfer of Institution students who graduate with an Associate of Science degree in Business Administration at Institution to the Bachelor degree in Business Administration at APUS. This ART is incorporated by reference into the Education Partnership Agreement entered into, as of November 1, 2019, between the Parties ("EPA") (collectively with any other articulation agreements entered into between the Parties, the "Agreement").

Institution and APUS agree to offer articulated programs through which students from Institution, pursuant to the terms of the Agreement, may transfer eligible credits earned for the Associate of Science degree in Business Administration at Institution toward the Bachelor degree in Business Administration at APUS. In consideration of the promises and covenants herein, the parties agree as follows:

- Students in and graduates of the Associate of Science degree in Business Administration at Institution that apply to APUS and satisfy all APUS admission requirements may be admitted to APUS ("APUS Students"). APUS Students will receive transfer credit for those specific Institution courses (each a "Course") as set forth in the Course Crosswalk transfer table, attached hereto as Appendix A.
- 2. The number of credits transferred may not exceed 90 credit hours, which contribute to the fulfillment of credit hours required for Bachelor degree in Business Administration completion at APUS.
- 3. An Institution student must earn a grade of "C" (2.0 on a 4.0 scale) or better in each Institution course for which the student desires transfer credits from APUS.
- 4. The maximum number of credits that will be accepted by APUS toward degree requirements from non-direct classroom instruction (including CLEP, AP, and other nationally recognized standardized examination scores) is based on annually published national scores with recommended credits. Credit awarded for prior learning assessments ("PLA") is not recognized by APUS without verification through the APUS PLA process.
- 5. As the Parties may mutually agree, students at Institution may begin taking courses in the Bachelor degree in Business Administration program at APUS while they are completing their Associate of Science degree in Business Administration degree at Institution.
- 6. APUS will consider for financial assistance those students who complete the Associate of Science degree in Business Administration at Institution in accordance with then-applicable regulatory requirements and APUS policies.
- 7. The Parties will review <u>Appendix A</u> at least annually and either Party may notify the other Party at any time of necessary changes thereto. The Parties will work together to modify <u>Appendix A</u> accordingly, which modified table shall be incorporated herein and applied by the Parties.
- 8. This ART is effective as of the Effective Date identified above and will continue for three (3) years thereafter (the "**Term**"), and it shall renew automatically unless terminated earlier pursuant to this Section 8. Either Party may terminate this ART upon providing sixty (60) days written notice. Termination of this ART will not affect any APUS Student then currently enrolled in the Associate of Science degree in Business Administration program at Institution that is taking courses at APUS or has been accepted into the Bachelor degree in Business Administration program at APUS. Notwithstanding anything herein to contrary, this ART shall terminate upon termination or expiration of the EPA.

IN WITNESS WHEREOF, the Parties have caused this ART to be signed by their authorized representatives on the date and year first written above.

Dr. Wallace E. Boston
