Unlike the other articulated plan of study to the WVU, which are Associate of Arts degrees, this is an Associate of Applied Science. AAS degrees do not satisfy the General Education Foundation requirements at WVU as AA or AS degrees do. Therefore, as indicated in the final two years curriculum, students should work with their advisor to ensure the completion of this requirement.

Students who have questions regarding this articulation agreement or the transferability of coursework may contact the WVU Office of the University Registrar. All other questions should be directed to the WVU Office of Admissions.
