

CAPABILITY STATEMENT

Blue Ridge Community and Technical College offers comprehensive IT training programs tailored to meet the unique needs of your business. Our experienced faculty and staff work closely with local industry partners to identify specific training objectives that align with the economic and workforce demands of our region.

We will conduct a thorough analysis of your organization's training requirements and develop a customized training program that meets your business needs.

INFORMATION TECHNOLOGY TRAINING CAPABILITIES:

- Computer Applications Training
- Computer Engineering
- Cyber Bootcamps for Certification Test Preparation
- Cyber Security
- Digital Media Production
- Mobile App Development
- Podcasting
- Virtual Reality

CAPABILITIES

Blue Ridge Community and Technical College specializes in creating customized curricula that adapt to the evolving needs of your business environment.

Our training solutions are designed to achieve targeted outcomes that directly benefit your organization, ensuring that participants acquire practical skills relevant to their roles. Additionally, participants who successfully complete our training courses, earn college credit, providing added value to both employees and employers.

If you have specific topics or skill areas you wish to explore that are not listed in our sample offerings, we welcome the opportunity to collaborate and expand our training solutions to meet your unique needs.
