

MARTINSBURG, WV

FIFTEENTH COMMENCEMENT

FRIDAY, MAY 26, 2023 7:00 PM

ABOUT BLUE RIDGE COMMUNITY AND TECHNICAL COLLEGE

In the spring of 2005, Blue Ridge Community and Technical College received independent accreditation from the Higher Learning Commission of the North Central Association of Colleges and Schools. In 2010, Blue Ridge Community and Technical received the highest level of accreditation of 10 years. This prestigious accreditation affords many opportunities for the college to serve the community as detailed in its mission:

Blue Ridge Community and Technical College is dedicated to providing a diverse student population with collaborative programs and support services to improve the quality of life and promote economic development in its service area. The quality academic programs are learner-centered and focused on career entry, university transfer, adult basic education, and workforce development.

Additionally, many individual programs are accredited at the state and national level. Blue Ridge Community and Technical College has established its presence in Martinsburg, expanded its faculty to increase offerings in many areas of coursework, and added many new staff to directly and efficiently provide student services.

During 2012, Blue Ridge Community and Technical College moved to the new main campus, located in Martinsburg, WV. The attractive new building offers custom Allied Health labs along with 18 classrooms. As the fastest-growing community college in West Virginia, the new campus assists in absorbing current and projected growth.

In addition to the new main campus, Blue Ridge Community and Technical College also expanded its service region to include Berkeley Springs, WV. A new center was opened in 2012 at the Pines Opportunity Center to serve Morgan County and the surrounding areas. Blue Ridge Community and Technical College continues to grow and prosper in its environment for the benefit of the citizens of the Eastern Panhandle of West Virginia.

The fall of 2014 marked another impressive milestone. Blue Ridge Community and Technical College became the first CTC in the West Virginia Community and Technical College system to enroll over five thousand five hundred students. Reporting 5528 as the official headcount places Blue Ridge Community and Technical College as the third largest public institution in the state of West Virginia. As reported by Community Times Weekly, this achievement ranked the College as the third fastest growing Community and Technical College in the United States.

EXPLANATION OF HONORS

Honors are awarded according to these criteria: **Honors**, **cumulative** grade point average 3.50 to 3.74; **High Honors**, **cumulative** grade point average 3.75 to 4.00.

EXPLANATION OF ACADEMIC ROBES AND REGALIA

The robes, caps and hoods worn by faculty members and graduates have historical origins and significance. During the Middle Ages, scholars wore wool or fur garments to stay warm in the drafty, stone buildings that were poorly heated. Most of the scholars wore cloaks that included a hood that could be pulled up to keep their heads warm. Academic gowns and hoods were adapted from these early garments, the hood chosen by the scholars to indicate the degree held by the wearer. In 1895 American colleges and universities adopted a uniform code of academic dress. It has remained the general standard in America since. Black is the traditional color for academic gowns, although some institutions allow degree holders to wear robes in the college or university's colors.

The head covering most commonly used in America is the square, tasseled mortarboard, although other styles of head coverings are sometimes worn with academic regalia. The tassel is usually black and is worn over the left front quarter of the mortarboard. Holders of doctoral degrees may wear gold tassels. The hood is a distinctive feature of academic dress, which may indicate the wearer's degree and the institution from which that degree was earned. The color of the hood's lining indicates from which college or university the degree was given, and the field of study is designated by the color of the hood's velvet facing.

ABOUT PHI THETA KAPPA

"The purpose of Phi Theta Kappa shall be to recognize and encourage scholarship among two-year college students. To achieve this purpose, Phi Theta Kappa shall provide opportunity for the development of leadership and service, for an intellectual climate for exchange of ideas and ideals, for lively fellowship for scholars, and for stimulation of interest in continuing academic excellence." Phi Theta Kappa's two-fold mission is: 1) to recognize and encourage the academic achievement of two-year college students and 2) to provide opportunities for individual growth and development through participation in *Honors*, leadership, service and fellowship programming.

The Beta Omicron Delta Chapter of Phi Theta Kappa was created at Blue Ridge Community and Technical College in January 2006. To be eligible for membership, a student must have a 3.5 grade point average on a 4.0 scale, be a degree-seeking student, and have completed at least 12 credit hours of coursework at Blue Ridge Community and Technical College.

ABOUT PHI BETA LAMBDA

Phi Beta Lambda's (PBL) mission is to bring business and education together in a positive working relationship through innovative leadership and career development programs. Opportunities exist to develop business-related career competencies. PBL is an integral part of the instructional program and in addition promotes a sense of civic and personal responsibility. Students have an opportunity to compete at both the state and national level for awards and scholarships, network with industry leaders, provide community service, socialize with peers from across various majors and travel.

ABOUT BLUE RIDGE CTC ROTARACT

Rotaract of Blue Ridge CTC was founded March 2015. It is an on campus club that meets to exchange ideas, plan activities and projects and socialize. The BRCTC club is sponsored by the Martinsburg Noon Rotary.
