

#### ABOUT COLLEGE IN HIGH SCHOOL

Blue Ridge Community and Technical College and Jefferson County Schools have created several options for high school students to begin the college experience while in high school. With discounted college tuition, along with ease of scheduling, high school students have several options to get the "JumpStart."

# THIS VIEWBOOK EXPLORES THE VARIOUS OPTIONS TO GET THE JUMPSTART.

Frequently Asked Questions

## Cyber Security

Course Name

**Total Spring Credits:** 

BRCTC Course

Some of the greatest threats to our National Security are attacks against computers and networks. With Cyber Security, students are prepared to work frontline in a wide range of industries securing the systems. This JumpStart program will include general studies along with entry level Information Security courses.

\*Tuition and curriculum subject to change. \*\* Student must have appropriate ACT/SAT/Placement score for Math and English.

## Mechatronics and Engineering Technologies

## Engineering Technology, Heavy Equipment, Mechatronics, or Plastics Engineering Technology

The Mechatronics and Engineering Technology track is designed to prepare students for a challenging and exciting career as a high-tech problem solver. This program is a blend of classroom and active, hands-on courses. Completers of the Mechatronics and Engineering Technology pathway will be prepared to pursue their Associate of Applied Science degree in Engineering Technology, Heavy Equipment Technician, Mechatronics, or Plastics Engineering Technology. **Tuition and fees for this program are covered by a WORC 5 grant.**

\*\* Fall math course selected based on ACT, SAT, or Placement score.

## Grow Your Dwn Program

Grow Your Own is a jump start for students interested in entering a career in education. The program was created by the West Virginia Department of Education to help support future teachers. Jefferson County Schools has stepped forward as one of the counties piloting the initiative and has partnered with Blue Ridge CTC.

The Grow Your Own pathway will be offered to all Juniors. Courses will be offered with Blue Ridge CTC at NO-COST to the student.

\*\*The Grow Your Own Program does NOT pay for books\*\*

## Jefferson County MedEd

Through a partnership between Blue Ridge Community and Technical College (BRCTC) and Jefferson County Schools (JCS), students have a unique opportunity to begin training for a career in healthcare during their Junior and Senior year in high school.

The MedEd program provides two pathways for students: Medical Lab Assistant or Clinical Medical Assisting. During Junior year, all students take foundation coursework to prepare to select a pathway during Senior year.

The MedEd program is provided at no cost to students. BRCTC coordinates and delivers all curriculum and instruction. Courses meet daily within Jefferson County High Schools.

#### **CAHS 110: Healthcare Foundations**

#### 1 - 6.5 Credits

Course Description: This course is designed to provide foundational knowledge and skills for students interested in entering the medical field. Topics covered include Anatomy & Physiology, Medical Terminology, and how to interact with patients across different healthcare settings. Students will learn how to room a patient, obtain vital signs, perform intakes, and prepare patients for medical encounters.

#### **CAHS 120: Healthcare Foundations**

#### 2 - 6 Credits

This course builds on the knowledge developed in Healthcare Foundations 1. Topics covered including pharmaceutical math and clinical theory related to the provision of safe, quality care. Students will have an opportunity to demonstrate these skills in laboratory and clinical environments.

#### MLAS 210: Medical Lab Assistant

#### 1 - 6 Credits

Reinforcing and building on the knowledge and skills developed in the Healthcare Foundations courses, students will deepen their understanding of lab technology. Topics will focus on phlebotomy and point of care testing which will be practiced in a laboratory and clinical setting.

#### MLAS 220: Medical Lab Assistant

#### 2 - 5.5 Credits

Reinforcing and building on the knowledge and skills developed in the Medical Lab Assistant 1 course, students will deepen their understanding of clinical theory as they prepare to transition to the workforce. Topics will focus on career development, diversity in the workplace, and certification exam prep. Students will reinforce skills learned throughout this program in a clinical setting.

## Course Descriptions

#### CMAS 210: Clinical Medical Assisting

#### 1 - 5 Credits

Reinforcing and building on the knowledge and skills developed in the Healthcare Foundations courses, students will deepen their understanding of clinical theory. Topics will focus on medication administration, injections and medical assistant procedures which will be learned and practiced in a laboratory and clinical setting.

#### CMAS 220: Clinical Medical Assisting 2 - 6.5 Credits

Reinforcing and building on the knowledge and skills developed in the Clinical Medical Assisting 1 course, students will deepen their understanding of clinical theory. Topics will focus on Medical Assistant procedures, office assisted procedures and Phlebotomy which will be learned in laboratory and clinical settings.

#### **How To Register:**

To participate in the MedEd program, speak with your school counselor. Registration with BRCTC occurs during the first week of classes.

## Why Enroll?

#### **Save Time**

These programs allow students to take advantage of earning both college and high school credit. In addition, transportation is available for the JumpStart program. With classes that transfer, enter college with credits that will reduce time earning your degree.

#### Save Money \$\$

Enrolling in a College in High School program saves considerable time and money. At the current rate of \$25 per credit hour\*, students save \$156/per credit hour\*\*.

Sample	HS Rate	BRCTC Rate	Local 4 Year University	
3 credit hour course	\$75	\$543	\$1013	
Sample course is tuition only; excludes lab fees and book costs				

## Enrolling into a JumpStart program can save students nearly \$4,400 (tuition costs only).

\*\$25.00 HS rate per credit hour is set by the WVCTCS annually and may be subject to increase.

### How to Enroll:

- 1. Discuss scheduling options with High School Counselor.
- 2. Meet with a Blue Ridge CTC High School Enrollment Specialist:

Call: 304.260.4380 ext.2113

**Text:** 304.398.6718

Email: highschool@blueridgectc.edu

- 3. Students who would like to register for the College in the High School courses can complete the High School Non-Degree Seeking registration form and submit it online, in person, or via email, fax or regular mail to Blue Ridge CTC.
- Attend High School Program Orientation and complete any required course placement testing. Class sizes are limited and may require an interview process.
- 5. Start Classes!

<sup>\*\*\$181/</sup>credit hour is the AY 23-24 Blue Ridge CTC per credit hour rate. May be subject to increase subsequent academic semesters.

## Frequently Asked Questions

#### Does the College report attendance?

Student attendance is collected and reported to Jefferson County Schools daily. Students are expected to regularly attend courses. Student attendance issues are reported to respective high schools for early intervention.

#### Are there scholarships available?

Financial assistance in the form of scholarships are available for JumpStart programming. An application is required and students must prove financial need. To apply for a scholarship, please contact Blue Ridge CTC's High School Enrollment Specialist:

**Call:** 304.260.4380 ext. 2113

**Text:** 304.398.6718

Email: highschool@blueridgectc.edu

#### What happens if I am unsuccessful in my courses?

Blue Ridge CTC provides a variety of student services to promote success within the JumpStart Programs. Students who begin falling behind are referred for tutoring assistance. If all other means have been exhausted, high school counselors work with individual students to find alternative senior scheduling solutions.

#### When are bills due?

Bills are due the week before courses begin each semester. Students may pay bills through BRIDGE, pay in person on campus, or pay over the phone by calling the finance office at 304.260.4380 ext. 2218.

#### How do I buy books?

Students can find book lists by visiting the Blue Ridge CTC Bookstore website through Follett. Books are listed by course name and section and all course materials are displayed. Students purchasing books must ensure textbook ISBN numbers match the listing on the Follett website.

#### What is a prerequisite?

A prerequisite is an academic requirement that must be satisfied before or during enrollment in a desired class. Prerequisites might include other courses, a minimum GPA, or upper-division standing.

#### Why do I have to take a prerequisite course in JumpStart?

The JumpStart programs are designed to be as inclusive as possible. Prerequisite courses are included in the programs to ensure all students have a solid foundation and are not excluded due to a lack of required test scores. Exceptions to prerequisite courses may be made on a case-by-case basis.

#### Will 100 level courses count toward my degree?

At Blue Ridge, English 100 and Math 100 are offered for college credit. Students can use these three credit hours as electives toward a degree at BRCTC. Students who plan to transfer must check with the receiving institution to determine if and how these courses may transfer to another school.

#### How/will my classes transfer from Blue Ridge CTC to another school?

JumpStart programs are designed so that students complete approximately the first year of a Blue Ridge CTC associate degree. Students who intend to transfer to another institution must be aware of the specific program requirements at the receiving institution. Students should contact the receiving institution to ask about transferability of coursework. The College also has a number of transfer agreements already in place and available for review on the Blue Ridge website.

#### What is the WV CORE Transfer Agreement?

The WV CORE Transfer Agreement ensures that students who transfer from an in-state, public college or university to another in-state, public college or university receives credit for specified general studies courses at the receiving institution. Many of the JumpStart courses are included in this agreement.

To read the full agreement and see a list of the CORE courses specified, please visit: www.BlueRidgeCTC.edu.

#### Who do I contact to see if/how my classes transfer?

Students who plan to transfer should contact the receiving institution to confirm how classes and credits will transfer to another school.

#### How does changing my degree program affect my credits?

Every program, regardless of school, has curriculum specific to each different major. This curriculum provides an exact list of courses required for that degree. Each program is unique. Students who change degree programs after completing courses may find they have taken courses that do not apply to the new path.

#### What is an articulation agreement?

Articulation agreements, also called transfer agreements, are agreements between two schools that outline what courses students may transfer with an associate degree. Blue Ridge CTC has a number of agreements in place to ensure students can easily transition after graduation.

#### Where can I see current articulation agreements that are already in place?

A full list of transfer agreements is available on the Blue Ridge CTC website. The College actively adds new agreements, so students should check back often.
