

In with a dream...

...out with a degree

Offering Over 60 Associate Degree and Certificate Programs

Our graduates are increasingly in high demand, either for placement directly into the workforce, or for transfer to another institution for further study. It is the students and outstanding faculty and staff that have made Blue Ridge CTC one of the most successful community and technical colleges in our state.

Welding

"As a member of the Army National Guard, completing my education allows me to further my rank and responsibility in the military. Through tuition assistance programs and the GI Bill, I have the resources I need for myself and my family while I am attending College. I found my educational opportunity at Blue Ridge CTC and encourage other members of the military to explore what the College has to offer. Every staff member has treated me like family, and I am proud to be enrolled in a school that has a student's best interests in mind."

— Craig Elwood

WHY BLUE RIDGE CTC?

Regionally Accredited. For complete information, visit www.blueridgectc.edu/accreditation

Over 60 Degree and Certificate Programs

Diverse population with high school through adult learners. Average age of student population is 34

Over 600 degrees and certificates awarded in 2021-2022 academic year

Courses and Programs offered in on campus, online, and hybrid format!

"The thought of going back to school in my mid 40's was daunting. With the help of the Enrollment Management Office, all my fears were alleviated and the process was actually an easy one. Once enrolled, the small class sizes and access to the faculty made the transition back to learning possible. Upon graduation from the Nursing program, I passed the NCLEX and began working in my dream career. I would encourage anyone with a good work ethic and a flexible schedule to attend the Nursing program at Blue Ridge CTC."

—Anne Ganse
